

## REMARKS

The application has been filed with a new set of claims copied from U.S. Patent 6,649,143. These claims are supported by the herein application for example on page 8, line 12-line 28 in example 8 beginning on page 20 and throughout the specification.

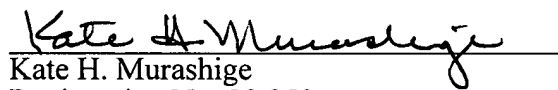

These claims are submitted in order to provoke an interference with these claims as issued in the '143 patent. The description in the present application represents a species of the sole independent claim in the '143 patent, claim 1:

A supplementary Information Disclosure Statement with U.S. Patent 6,649,143 is submitted herewith. A copy of the Information Disclosure Statement submitted in the parent application is also included. The documents cited are present in the parent file.

Respectfully submitted,

Dated: April 6, 2004
